

Dear parents,

Summer reading packets are going home with students this week. Please keep an eye out for them. The summer reading program is going to be a little different this year. We will be doing *community reads* at Oyster-Adams. This means that there are **two required books for each grade**. Each student will read the Spanish and English required reading book and complete the short reading follow up assignment provided by their Spanish and English humanities teacher. The assignments must be turned in to your English language/humanities teacher during the first week of school.

Required books by grade:

In order to ensure access to the books for all students, the library is providing some copies of the books for check out. We are also providing other providers of the book. **The books in bold are more difficult to obtain and we are asking students to share with a book buddy from their grade. Please check in with your student about the book buddy program. Also, Bookworm Central, our Book Fair Company has added us to their Virtual Book Fair program. They very well may be able to get the titles in Spanish if you order them early (also any other books you may want to purchase). Our code is OYSTER. The school receives 25% of the proceeds.**
